Says on His Word of Honor He  
Is Not Planning a Raid on  
Spalato.

ROME, Dec. 8 (Associated Press).—Giuseppe D'Annunzio assured the correspondent yesterday that he was not preparing an expedition against Spalato or Ljubljana. The soldier-poet gave his word of honor that this statement was true.

D'Annunzio plans to visit America, going by airship, after the Fiume situation has been adjusted, by way of Japan. "I want to reach America on wings," he said. "I will fly to America across the Pacific and land on your fair Pacific coast."

Secret Documents Vanished When  
Confidential Employee

WASHINGTON, Dec. 8.—Important confidential documents on American aviation development have been recovered with the arrest at Tampa, Fla., of Charles Alexander Francis Duccorron, it was stated at the War Department today.

Duccorron resigned about a month ago as a confidential employee of the Air Service of the War Department. The loss of the confidential documents was discovered at that time, it is alleged. Officials of the department would not divulge the nature of the documents and said that Duccorron's loyalty has not been disproved.

## BURR WANTS TO ARGUE STATE INCOME TAX TEST

Joins With Buffalo and Yonkers  
Corporation Counsels in Action  
of Comptroller Travis.

A motion was made today in the United States Supreme Court by Corporation Counsel Burr in behalf of New York City and the Corporation Counsels of Buffalo and Yonkers asking permission to file a brief and take part in the oral argument in the case of Eugene M. Travis, as Comptroller against the Yale and Towne Manufacturing Company, which is making a test of the New York State income tax, seeking to tax non-residents.

The New York income tax law was taken to the United States Supreme Court on appeal by Attorney General Newton, after a Federal District Court here had enjoined the New York State authorities from enforcing its income tax provisions on New Jersey and Connecticut residents who earn their livelihoods here.

## WON WAR DESPITE LEADERS.

So Says Col. Roosevelt Jr., Criticizing the Administration.

Col. Theodore Roosevelt Jr. has published a book called "Average Americans" in which he praises the part taken by the United States in the war, but criticizes national leadership in the conflict. He says the United States had to take a year, under the protection of its allies, to prepare for fighting.

## Rare treat for lovers of Oriental Rugs, Tuesday

### 104 genuinely Antique Rugs

Persian, Chinese, Indian, Turkish, Spanish

Among them collectors' pieces from the 17th and 18th centuries.

**What an opportunity!** Not only for collectors and lovers of fine rugs; but also for men and women to whom fortune has been kind, and who would like to give to some dear friend a very unusual gift for Christmas. Oriental rugs—as everybody knows—have been a scarce commodity in this country for three years. Importers' stocks have been practically cleaned up. And, of course, the war, which overran Persia and Asia Minor, and called to the colors all available men in the Western part of Asia, has curtailed production of Oriental rugs, with the consequent increasing of prices.

But here are 104 with prices lowered; fine specimens of the weaver's art; mellowed by the years into permanent tones of rare color. We would like to forget that we are merchants, and, just for a day, be collectors ourselves.

## To Be Sold Tuesday
